About Us

It was in the year 1986 that Sayantan Consultants Pvt. Ltd (SCPL) was established as a consultancy firm in Calcutta. During the initial period up to 1992, SCPL was providing service to a moderate client base and offering a limited variety of service to its clients. Thereafter, it has established itself as one of the leading technical, financial and management consultants in India, specialised in assessing techno economic viability of project (s) proposed to be set up by companies either as a greenfield project or for expansion/diversification/upgradation of technology. SCPL has also established itself as specialized consultants for turning around sick industrial companies with the revival package suggested and implemented by it. The turnaround strategy includes restructuring of management, capital, debt, product mix, technical process, marketing strategy, cost control and management control system. SCPL implements the revival package by means of take-over, merger and acquisition. Besides, SCPL is specialised in dealing with the laws related to sick industrial companies (special provisions) Act. SCPL has so far executed over 800 assignments from large and medium sized companies. SCPL is empanelled as an approved consultant of IDBI Bank, IFCI, ICICI, State Bank of India, UCO Bank, Indian Overseas Bank, Bank of India, Allahabad Bank, UBI and Bank of Baroda. It offers services to put in operation various kinds of technologies in various new areas.

Having set-up its corporate office at Calcutta, SCPL offers financial services like conducting viability studies, company analysis including identification of projects, preparing techno-economic viability reports, preparing detailed rehabilitation scheme for sick industrial companies, preparing takeover proposals by merger / amalgamation, monitoring project execution, capital restructuring, placement of structured debt instruments, loan syndication (both rupee and foreign currencies) and arranging for overseas collaboration and technical know-how.

Our Mission

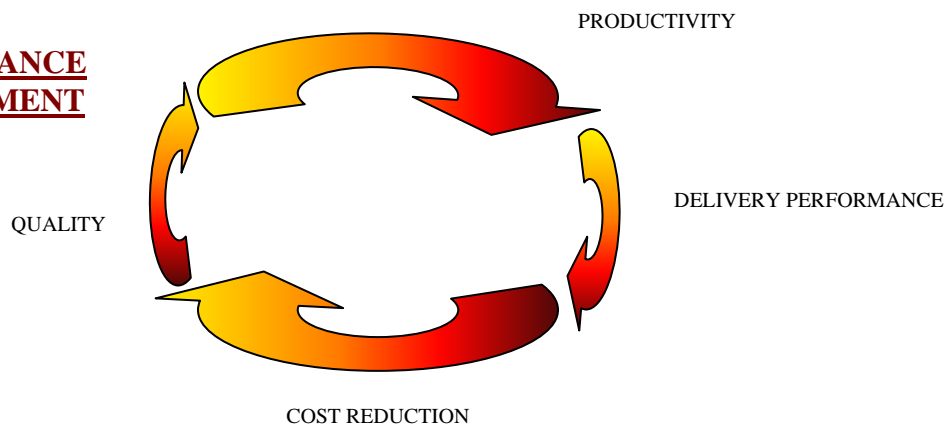

Our mission is to be the premier provider of techno economic viability assessment report, turnaround/ alternative management services to various industries. To that end, our mission is to focus on continuous improvement of quality of our services in order to provide our customers with exceptional, effective, value added services, by recognizing and rewarding the initiative, dedication and unique talents of each of our employees.

Our Strength

Our strength is quality of our staffs and services we provide. Our staff comprises of specialists from around the country with industrial and banking experience ranging from 5 to 30 years in different areas. Professionals associated with SCPL help the companies to assess the core areas of business viability and performance, suggest various measures to implement the scheme for setting up new project and / or restructuring the business activities.

We also own and develop proprietary programs designed to estimate and monitor total costs, and to generate daily time, cost and progress information. We perform not only on good intentions and honest try but also perform with results providing uncommon insights and effective solutions.
