About Us.

Introduction

Syantant Consultants Pvt. Ltd. (SCPL) was established as a consultancy firm in Kolkata in 1986. Initially, until 1992, SCPL catered to a moderate client base, offering a limited range of services. However, over time, it has grown to become one of India's leading technical, financial, and management consulting firms, specializing in assessing the techno-economic viability of projects for companies, whether for new ventures (greenfield projects) or for expansion, diversification, or technological upgradation. SCPL has also distinguished itself as a specialized consultant in revitalizing sick industrial companies by implementing its recommended revival packages. The turnaround strategy encompasses restructuring of management, capital and debt, besides redesigning product mix, technical processes, marketing strategies, cost control, and management control systems. SCPL executes these revival packages through takeovers, mergers, and acquisitions. Additionally, SCPL is well-versed in handling legal matters related to the Insolvency and Bankruptcy (IBC) Act, 2016. The company has so far executed over 4000 assignments from large and medium sized companies.

About Us.

SCPL is empanelled as an approved consultant of PSU banks i.e.

- State Bank of India,
- UCO Bank,
- Indian Overseas Bank,
- Bank of India,
- Indian Bank (Allahabad Bank),
- Central Bank of India
- Bank of Baroda,
- Union Bank of India.
- Punjab National Bank (United Bank of India),

SCPL also works with private banks i.e. Axis bank, HDFC Bank, ICICI Bank. It offers various kinds of diversified technologies in areas of activities and help to put those in operation.

Mission & Vision.

MISSION

- To be the premier provider of consulting services for techno economic viability assessment, turnaround management, NPA Management & allied services to various industries.
- Focusing on continuous improvement of quality of our services
- Provide our customers with exceptional, effective, value added services, by recognizing and rewarding the initiative, dedication and unique talents of each of our team members.
- To empower businesses and individuals by providing tailored financial solutions, strategic guidance, and innovative financial management services that foster sustainable growth, financial stability, and long-term success.

VISION

- To be the leading financial management consulting firm known for transforming financial challenges into opportunities, driving excellence in financial practices, and helping clients achieve financial freedom and prosperity.

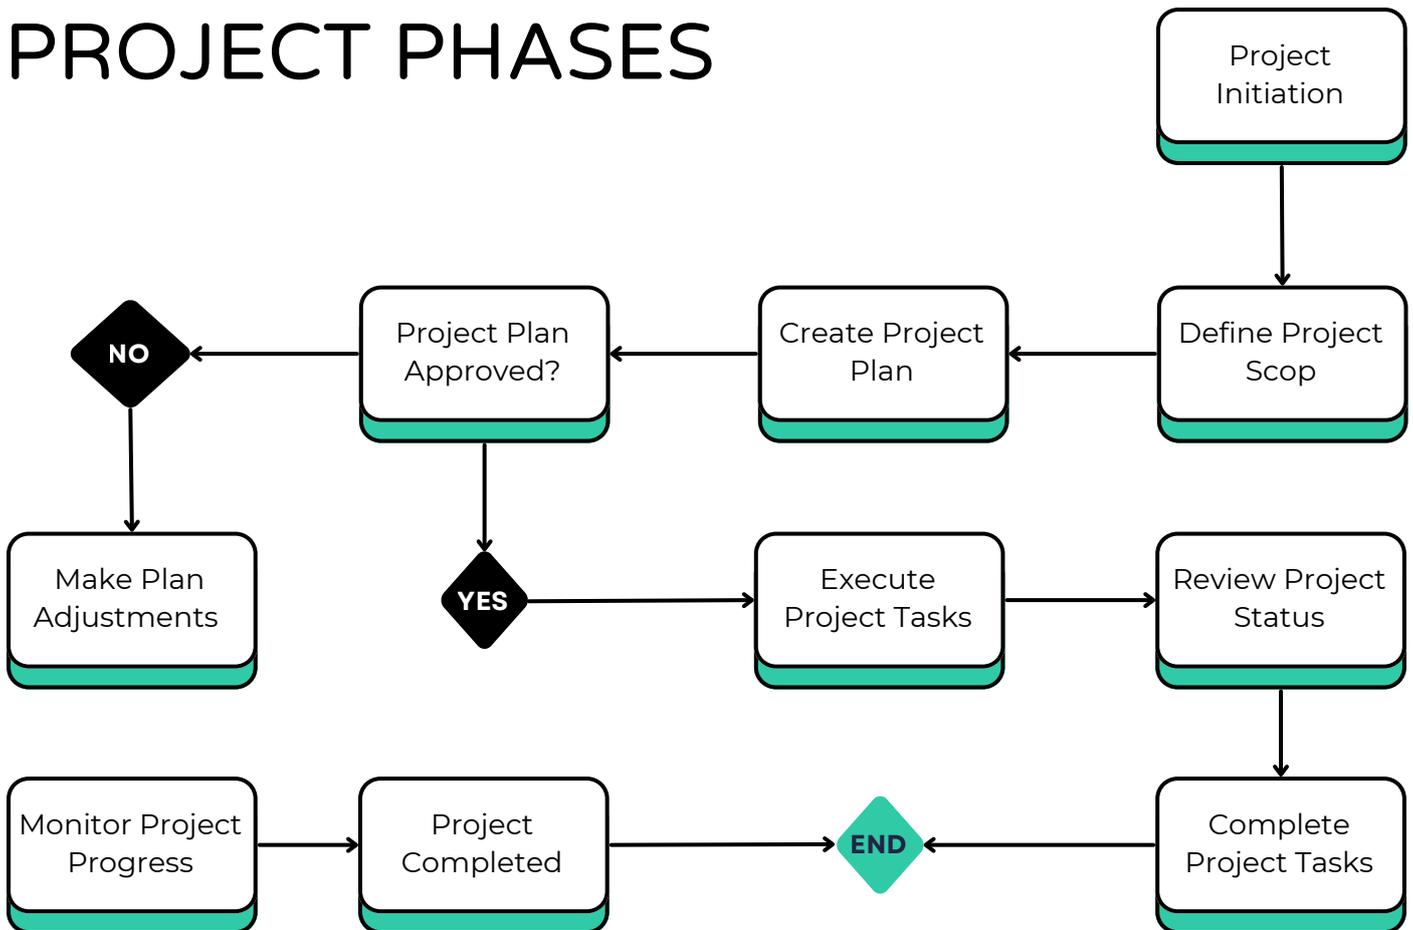

Our Strength.

Our strength lies in the quality of our staff and the exceptional services we provide. Our team is composed of specialists from across the country, with industry and banking experience ranging from 5 to 30 years in various sectors. The professionals at SCPL help companies assess critical areas of business viability and performance, offering strategic solutions for new project setups or business restructuring.

In addition, we develop and utilize proprietary programs that estimate and monitor total costs while generating real-time data on time, costs, and progress. We deliver results not just through dedication and integrity, but by offering unique insights and implementing effective solutions.

FLOWCHART

PROJECT PHASES

- EFFECTIVE MINIMISATION OF RISK
- IMPROVED CORPORATE GOVERNANCE
- IMPLEMENTATION OF RISK MANAGEMENT PROCEDURES
- INCREASED COMPETITIVE ADVANTAGE

Performance Improvement

Performance improvement in a consulting company is crucial for maintaining a competitive edge and delivering exceptional value to clients. By optimizing internal processes, integrating advanced technologies like AI and data analytics, and enhancing client-focused services, we streamline operations and improve decision-making. Upskilling staff on the latest financial tools and encouraging a data-driven culture ensures that financial strategies are both innovative and effective. Continuous assessment of key performance indicators (KPIs) and the implementation of feedback loops allow SCPL to adapt quickly to changing market conditions, ensuring sustained growth, improved client satisfaction, and long-term success.

Assessment of Current Performance

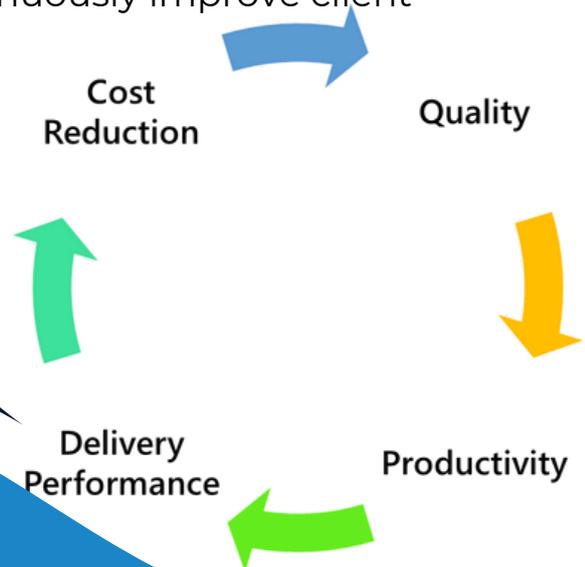

- Review of key performance indicators (KPIs) in finance management.
- Identifying gaps in current processes.
- Analysis of client satisfaction and retention rates.

Process Optimization

- Streamlining financial reporting and analysis processes.
- Leveraging automation tools for increased efficiency.
- Reducing bottlenecks in financial planning and decision-making.

Client-Focused Solutions

- Enhancing client communication and responsiveness.
- Providing personalized financial strategies and solutions.
- Implementing feedback loops to continuously improve client services.

Learning based approach

At Sayantan Consultants Pvt. Ltd managers are encouraged to participate in executive development programs held at premier B-Schools in India with the objective of developing the skill of its employees. It also undertakes development of training programs and preparation of live case studies for a number of management schools at Kolkata. Sayantan also organises study circle so as to update itself regularly with the changes that are taking place in its sphere of activities by inviting senior level managers from the corporate sector and faculties of management institutes to share their views and also deliver lectures on various areas. To facilitate such purpose it has developed a well-equipped library with relevant books and a wide variety of magazines. Sayantan also undertakes research studies in such fields as are relevant to its line of activities. In the recent past it has undertaken studies with regard to assessing the Social Cost Benefit of rehabilitation of sick industries in India. Besides it has developed a model based on Multi Discriminant Analysis (MDA) and Logistic Regression for predicting sickness in manufacturing industries. Sayantan has also published a number of articles on river water pollution, environment, social problems, poverty and migrant workers. Sayantan publishes a monthly newsletter in the name of Anuranan.
